User Story	**Story points**	**Priority**
As a customer, I should be able to start an order so that I can don't have to create one physically at the outlet	1	1
As a customer, I should be able to switch freely between customizing main, sides and drinks order before checkout so that I can have a well-rounded understanding of the menu before making any choice and/or change my choice whenever I want	6	1
As a customer, I should be able to choose my main option so that I know what main ingredients are offered for each main option	4	1
As a customer, I should be able to customize the ingredients for my main so that I will receive a main with my most favourite combination of flavours.	4	1
As a customer, I should be able to customize my sides and drinks order so that I can acquire the favourable sides and drinks accompanied with the main.	3	1
As a customer, I should be notified with details if there is an error when ordering so that I can know whether the order is accepted by the system and adjust my order accordingly	8	1
As a customer, I should be able to check out the order online so that I can ensure my order is accepted by the outlet.	8	1
As a staff member, I should be able to view all the orders in brief details, so I can prioritize the sequence of orders to be tackled within much distraction and save time.	6	1
As a staff member, I should be able to view the details of 1 specific order at a time, so I know what to be served to satisfy the customer and guarantee every order can be accomplished on time by concentrating on 1 order.	4	1
As a customer, I should be able to view the price-breakdown before proceeding to checkout so that I know what I have ordered and whether the price of the order is reasonable	3	3
As a customer, I should be able to check the status of my order any time so that I know whether I need to continue the unfinished order or pick up the prepared order	8	2
As a staff member, I should be able to update the status of the order, so that there won't be many people waiting in the outlet and make the outlet too crowded in the peak hours.	4	2
As a staff member, I'd like to be able to update the status of the inventory so that the online customer can order the food that was once sold out again	6	1
As a staff member, I'd like to be able to view the stock in the inventory so that I'll know if there is enough stock to complete orders and what ingredients need to be restocked.	5	2
